

Where Cleanable Meets Comfort

Introducing our newest collection of high-performance fabric in a variety of colors and styles. Designed to be stylish and durable for your most lived-in rooms. Our protective fabrics are soft, comfortable and easy to clean, with machine-washable slipcovers available on select products.

Specifically designed to be UV-ray durable and stain-resistant, the advanced technology used in Next-Gen Nuvella® fabric creates a protective barrier that prevents liquids from penetrating the fabric, allowing spills to be easily wiped away, offering a practical and stylish solution for effortless cleaning.

Protective

Our special solution-dyeing process ensures vibrant, long-lasting colors that resist stains and UV rays.

Pet Friendly

The perfect fusion of style and pet-friendly functionality. Our fabric offers scratch and tear resistant properties built to withstand your pets' most-playful activities.

Durable

Designed to provide exceptional performance and durability, especially in areas that experience heavy use and activity.

Spot Clean

To keep your fabric looking fresh, tackle spills with mild soap and water. For stubborn stains, mix 4 oz bleach with 28 oz water, placing a cloth between the fabric and foam cushion to absorb excess moisture. Allow to air dry.

Machine Washable

Removeable washable slipcovers allow for easy maintenance and convenience. Spot clean stubborn stains and mildew.
